

Study in Switzerland at

# ISSH Junior College

## A forward thinking approach to residential education

ISSH Junior College turns teenagers into independent and responsible young adults who are well prepared for university life abroad and have a clear vision of their talents, strengths and goals for life.

- \* Residential programme for senior students (age 16-19) in their final years of secondary education, Pre-IB Year for grade 10
- \* Strong academic curriculum (International Baccalaureate)
- \* Entrance qualification for universities across Europe, America, Africa and Australasia
- \* Intensive language programme in English and German
- \* Individual career counselling and university service, including work experience projects
- \* Extra-curricular activities and excursions in Switzerland and Europe
- \* Develop an active healthy lifestyle, independence and intercultural understanding

**Contact the ISSH Admissions Office to check out your opportunities**

- \* Enrol now - mid-year start in Pre-IB year possible
- \* Limited number of scholarships available for ambitious, talented students
