

Summer School at Akdeniz University for Juniors (from 12 to 17 years old)

2015

The first day at Akdeniz University

Students should arrive at school at 8:30am. They should bring their passport and some pens and paper.

On the first morning, we will establish the student's English ability by means of written test and interview. Students will also receive an induction explaining the school programme, rules and all vital information they will need during their stay.

Lessons & placement test

We test each student on arrival in order for their age and level of English (from Beginner to Advanced).

Our teachers are qualified and experienced at teaching English to teenage students. They understand the challenges faced by young people staying in a foreign country away from their parents for the first time... and understand the concerns and worries of the parents as well!

The emphasis during lessons is on speaking and discussion skills using modern, communicative methodology. We aim to build up students' confidence and ability to use English through the enjoyable "real life" situations that we devise.

The first part of the morning will focus on consolidating and expanding student's existing knowledge through integrated skills lessons. In the second part of the morning, students will be encouraged to make active use of their language skills in interesting and challenging project-based lessons that bring the real world into the classroom and students out into the English-speaking environment.

Lessons are interactive and communicative. Projects will be based on the interests of the students, but will also link where appropriate to the social programme activities.

Each student is graded and awarded a course certificate on completion of their course by ALS Group.

Welfare

To ensure student welfare there is a curfew of 10pm everynight unless the students are on a supervised ALS group activity or unless the student's parents have specified an earlier time.

On arrival at the school students will receive a copy of the school rules. These will explain Acceptable and Non-acceptable behavior with an emphasis on the safety and well-being of the student.

The safety and security of the children is our top priority. Students are under the supervision of their tutors both in the classroom and on social activities.

All valuables (passports, tickets and large amounts of money) can be left with the Course Director for the first morning at school. These will be kept securely locked in the school. Pocket money can be sent to ALS Group directly before the student arrives and the Course Director will be able to distribute it once a week. Students will be able to buy phone cards from ALS Group, so they can save money on international phone calls.

Individual public transport fees are not included in the course fees so it is advisable for students to buy a travel card.

Medical insurance is not included in the programme fee either. Student should send a copy of medical insurance before arrival.

We can offer discounted group prices including one free group leader for every 10 students.

2015 Summer School Program
